Water

Appalachian Voices [Received 05/29] -- OPEN -- Questions about water pollution due to hydraulic fracturing. Deadline week of 06/04. Working with program. Story scheduled to run in August/Sept issue. Neutral to negative.

AP [Received 06/06] -- OPEN -- Reporter is asking for full database used to generate the report of those water bodies on the 303 (d) list, as broken out state by state, through 2010: She said that some states are not updated through 2010 and asked why and if there is any complete dataset that contains all states' information through 2010. Crafting response. Deadline ASAP. No date scheduled for story to run. Neutral.

Civil Beat (Honolulu) [Received 06/06] -- Re-OPEN 06/12 -- Follow up questions for a story about regulation under the Clean Water Act. Reporter looking for context of how far Hawaii is behind other states in passing rules relating to the regulation of pesticides in or near waterways as required after the Cotton v. EPA. Crafting responses. Deadline 06/15. Neutral to Positive.

Engineering News-Record [Received 06/13] -- CLOSED 06/15 -- Questions about hydro fracking as it relates to construction boom in ND and resulting opportunity for jobs there. Reporter is giving the history behind this boom. Directed him to website for basic questions. Deadline 06/15. Publication date: scheduled 07/02. Neutral to Positive.

Fox News Channel [Received 06/14] -- OPEN -- NYC based producer working on 15 min piece about fracking in PA. Requesting on camera interview or a statement about the enviro concerns. Gathering more info from producer. Deadline: Not before 06/23. Negative.

The Marietta Times (OH) [Received 06/04] -- OPEN -- Reporter asking whether or not there is C8, or PFOA, still making its way into the water supply through the filtration systems of the DuPont Washington

Works Plant. Getting more info from reporter to craft responses. Deadline 06/011. Neutral.

Midtown Gazette (publication out of Columbia School of Journalism) [Received 05/30] -- OPEN -- Freelancer working on a documentary about watertowers nationally using the New York area as the focus. Reporter has technical questions about water issues in NYC and has requested to speak on camera with an epidemiologist from EPA. Deadline mid next week. Tentative air date (on yet unspecified outlet) is September 3. Waiting on more info from reporter. Story direction not yet clear.

New Scientist magazine's Plos One (UK) [Received 05/29] -- OPEN -- Questions for a story about arsenic in drinking water at the safe levels recommended by the EPA when given to pregnant and breast feeding mice causing malnourishment and developmental problems in the offspring. Deadline week of 06/11. Program provided link which I will send for approval. Scheduled to publish this week or next. Negative.

New Jersey Media Group (northjersey.com) [Received 06/01] -- OPEN -- Questions about the LT2 rule. Updated request today with a letter to LPJ from a local NJ community development group inquiring about reported plans by Passaic Valley Water Commission to drain several reservoirs and construct larger water tanks. R2 will handle. Deadline None. Neutral.

Platts [Received 06/15] -- CLOSED -- Reporter writing about status of testing in Pavilion, WY. Deadline 06/15. Referred reporter to website listing the most up to date testing info: <http://www.epa.gov/region8/superfund/wy/pavillion/#1> Neutral.
